#### Mission-Vision-Focus

Conversation surrounding our mission, vision and focus as a committee and classis. We believe a new vision and focus needs to birth to drive us as a classis toward a multi-cultural classis, focusing on communities that our churches have ministries in. We would work with consistories to become missional and multi-culturally relevant in their communities. We would bring in professionals or organizations to work with pastors and consistories.

Prayer: Dennis Suda

Respectfully submitted,
